INTERACTIVE TABLES

Agile and Flex

 RemindMecare

Agile Interactive Table

Flex Interactive Table

ACCESSIBLE ACTIVITIES

- Accessible height for users, whether standing, seated or using wheelchairs, with height-adjustable option*
- Tilttable screen for optimal viewing and inbuilt speakers for music & other audio
- Ideal for various group activities such as games, quizzes and digital jigsaws
- Inbuilt Wi-Fi allows access to countless apps and online forms of entertainment

SAFETY & SECURITY

- Halo protection system to protect both product and people when being moved
- Toughened, wipe clean glass for safety and cleanliness
- Allows for use when wearing gloves up to a thickness of 1.4mm
- Ability to vet and pre-approve or restrict access to apps and websites as you require

MOBILITY & STABILITY

- Lockable wheel castors for added safety and stability
- Counterbalance tilt technology provides a controlled user experience when changing screen tilt angle
- Battery powered cable-free use allows the tables to be moved as required, while also eliminating trip hazards
- Lightweight, powder-coated steel frame for easy manoeuvrability

SOCIAL INTERACTION

- Portability allows for private calls to family, or for social use in groups for games and entertainment
- Combat loneliness and keep connected with loved ones through video conferencing functionality
- 40-point touch screen technology enables multiple residents and carers to use at once

PERSON-CENTRED CARE

- Using the RemindMecare** app with the table allows content to be tailored to the individual needs of the resident
- Bespoke reports available from RemindMecare detail activities delivered to residents and health outcomes
- Carers can update family and friends on the welfare of residents remotely via the RemindMecare app

*Flex model is height-adjustable, Agile is fixed-height

**RemindMecare app optional

Interactive Touchscreen Table – Height Adjustable

Ideal for collaborating with colleagues, increasing engagement when teaching and learning and for enhancing care.

Battery version

Non-battery version

Designed with you in mind.

- 32" P-CAP touchscreen allows for up to 40 simultaneous touch points.
- Full HD screen for viewing content in high resolution.
- Halo protection system helps protect both screen and users.
- Built in HD camera and microphone for video conferencing or keeping loved ones connected.
- Medical grade power system (battery version).
- Battery can be fully charged from empty in 3 hours and provides up to 8 hours of continuous use.
- Electronically height adjustable for greater flexibility.
- PIEZO anti-collision technology stops the screen when it comes into contact with a hard surface.
- Highly adaptable with the ability to adjust the angle of the display from vertical to horizontal.
- Counterbalance tilt technology helps with safety whilst adjusting the angle of the display, creating a smooth and controlled user experience.
- Screen built onto a stylish powder-coated steel frame with easy-lock wheels.
- Wi-Fi and Bluetooth connectivity, and access to thousands of apps through Google Play Store.

Specifications

Display

LCD Panel	31.5" / 800.1mm diagonal, active matrix TFT LCD
Max. Resolution	Full HD 1920 x 1080 @ 60Hz
Max. Brightness (average)*	430 cd/m2
Contrast Ratio	3000 : 1
Response Time (grey to grey avg.)	8 msec
Touch Technology	Projected Capacitive Touch (P-CAP)
Power Supply	Supplied from main unit
Multi-touch	40 points
Touch Thru	Supports gloves up to 1.4mm
Power Management	VESA DPMS
Speaker Output	2 x 5W
Power Consumption	On: 44W. Sleep: 1.43W
Operating Temperature	0° C to 35° C
Operating Humidity	20% to 80%
On Screen Display (OSD)	Volume, Brightness, Colour

Android Player

OS	Android 10 Google Play Services
CPU	Qualcomm Snapdragon 660
Memory	4GB RAM DDR3
Storage Internal	64GB
Wi-Fi	802.11a/b/g/n/ac
Bluetooth	5.0

Frame

Material	Steel
Weight (without battery)	73.3kg
Weight (with battery)	85.9kg

Battery

Battery	12.8v 38Ah Lithium Iron Phosphate
Recharge time	3 hours from empty
Typical run time	8 hours

Camera

Webcam	Full HD
Stills	8MP
